Hans van den Berg

Since i was borne, and that's a long time ago, there was a scottie around me. Showing started when i was 16 years old and i made many champions and cac winners in scottish terriers, norfolk terriers and chihuahua's.

Judging started in 1976 and since then i'm travelling around the world. The first world show i judged was in Dortmund in Germany in 1991. Since then i judged at world shows in the Netherlands, Belgium, Finland, Austria, Switzerland and Italy.

Last year i judged for the third time at the world show in my own country.

As i travel around the world the whole year round, i have a good idea about the standard of dogs in many countries.
